Sioux Empire Fair Grounds

SIoux FALLS, SOUTH DAKOTA

Once again it becomes my pleasure to extend to Shorthorn breeders and buyers an invitation to attend the show and sale of the Sioux Empire Shorthorn Club (Inc.), May 29, 1945.

This year as in the past, Mr. Clem Larson of the American Shorthorn Breeders Association was asked to choose from a large offering the 35 best bulls and 35 best females. This has been done and we feel that not only the farmers and ranchers, but likewise the pure bred breeder may find herd heading sires here that will justify his efforts to attend the sale.

Several of the females will have calves at side and many will be carrying the service of some of America's outstanding sires.

It is the desire of the officers of this Association that all breeders, prospective buyers, and their wives attend the banquet at the dining rooms of the Sioux Falls Chamber of Commerce at 6:45 P. M., May 28, 1945. A short, interesting program has been arranged.

Dr. S. A. Donahoe, President,
Sioux Empire Shorthorn Club, Inc.
Sioux Falls, South Dakota.

Sensational Demands for Shorthorns

C. K. Tomson

It is a real privilege to report the onward march of Shorthorns and at the same time greet the Shorthorn breeders of the Sioux Empire. The American Shorthorn Breeders' Association was glad to lend its cooperation in the inspection of the cattle consigned to this sale to give buyers added assurance that good individuals would be available.

We can assure you that the future of Shorthorns has never been brighter. Wartime demands for maximum beef production emphasizes the characteristics of Shorthorn cattle—their outstanding ability to out-weigh and out-gain any other breed of cattle on earth. This attribute in the breed has brought increased demand from producers all over America. More and more

commercial breeders are turning to the use of Shorthorn blood for grading up their range calves. The most recent of the large operators to become Shorthorn-minded is the Victorio Land and Cattle Company of New Mexico, with its purchase of 97 Shorthorn bulls to use on a herd of 25,000 white-face cows. By its own acknowledgment these bulls were bought for the express purpose of recovering the weight on range calves which was being lost annually through straight breeding. Tests prove conclusively that the calves by these Shorthorn sires will be 40 to 60 pounds heavier at weaning time and from 80 to 100 pounds heavier as yearlings.

This over-all increase in interest is reflected in the phenomenal growth of the American Shorthorn Breeders' Association. In 2½ years the active membership of this Association has increased 50 per cent. The first three months of 1945 represented the largest three-month increase in the history of the Association. Transfers of Purebred Shorthorns are running approximately 20 per cent above the corresponding period last year.

Thus we can assure buyers at this sale, that any good livestock man who fortifies himself with a foundation herd of the right kind of Shorthorns will be in a position to derive dependable, consistent benefit for a long period of years. "Remember—you sell beef by the pound, and you produce many more pounds with Shorthorns."

Clinton K. Tomson, Secretary,
American Shorthorn Breeders' Association.

Introduction

The Shorthorn Breeders of the Sioux Empire area confirmed their convictions of last year that a good live organization could be supported in this territory. Twenty-six consignors listed sixty cattle in last year's sale and it was evident that buyers attending the show and sale were well pleased with their purchases.

The Sioux Empire Shorthorn Club has stressed quality as a requirement for entry in the sale and this year we believe the consigners have offered an even better string of cattle than were listed a year ago.

Last year more than 150 members, their wives and friends attended a dinner the night preceding the sale to take part in one of the best meetings of its kind ever held in Sioux Falls. This is the kind of spirit and cooperation it takes to make a successful organization. We hope you will find it possible to attend our dinner meeting this year. Considerable effort has been made to have an informative and entertaining program.

Naturally, the success of any club depends upon the cooperation of local groups and other interests. We should like to take this opportunity to express appreciation to the Sioux Falls Chamber of Commerce, the Exchange, order buyers and traders on the Sioux Falls Live Stock market, John Morrell & Co., and the American Shorthorn Breeders' Association as well as to the officers and members of the club for their active interest.

AUGUSTA'S DREAM 3d 2243764 is a sweet, blocky red heifer who was a stall mate to the good heifer we sold in the Interstate Sale. She is by EDELLYN HIGH COMMAND and out of a beautifully bred Augusta dam who was a daughter of my original foundation cow. We have four cows out of the same dam in our herd. Considering her color and breeding she should make somebody a good foundation female.
